

# An Action Process

In recent years, we have had 10 Directors resign, 4 Directors recalled and numerous Committee Members quit. Two common threads connect them: (1) Most were oriented toward serving **ALL** members equally; and, (2) They were influenced by the offensive and intolerable behavior of members of the small group that has always controlled HVLA !

In the **FIRST** step of this process you were asked to comment on "[HVL Watchdog](#)", asking the 10 resigned Directors to openly, clearly state their reasons for resigning specifically related to Item #2 above. Completing that step may take some additional time to gather and organize all the data.

## **SECOND STEP:**

State your "NO CONFIDENCE" vote for the current Board, until they display clear signs of supporting balanced funding for **ALL** member needs. VP Bartice's resignation will likely result in the appointment of a "Golf First" crony, giving them a majority. They will then do what Boards from the 1990's through 2014 did – **IGNORE the needs of members with younger families and children, and pour Millions more into golf.**

Click on the link just below and complete the "HVLA Board 'No Confidence'" survey.
